

**BEST IN WATER COOLER
SEGMENT**

Water Coolers

Unique Features

- Faster cooling.
- Complete stainless steel body including base plate, angle structure, etc.
- Inner grooved condenser coil for better heat exchanger.
- Model range 20 Lph. to 1000 Lph.
- Hygienic food grade stainless steel tank.
-  Certified emerson/tecumseh make compressor.
- PUF insulation for lower power consumption & powerful cooling.
- Propeller type quit fan (Condenser fan)
- Space saving compact design.
- Easy to installation and use.
- Eco friendly technology.
- Temperature control : Automatic Thermostatic

Water Coolers With R.O. Space

Model :- ROA

- Water cooler inbuilt R.O. System.
- Stylish and space saving design.
- Longer life for body and tank of water cooler.
- Compact Design for easy service and maintenance.

Model :- CNSA

- Water cooler inbuilt R.O. System.
- Cold and normal water facility.
- Compact Design for easy service and maintenance.
- Double tank technology for extra water storage.

Model :- HSA

- Three type (hot, cold, normal) of water facility in this model.
- Heavy quality hot water system.
- Compact design for easy service and maintenance.
- Three tank technology for extra water storage.
- water cooler in built R.O. System.

Model :- NHA

- Normal and hot water facility in this model.
- Heavy quality hot water system.
- Compact design for easy service and maintenance.
- Doble tank technology for extra water storage.
- Water cooler in built R.O.system.

Model :- CA

- Normal water only with in built R.O. Space Facility in this model.
- Compact Design for easy service and maintenance.

Special Models of Water Coolers

Model :- CNWA

- Cold and normal water facility.
- Compact Design for easy service and maintenance.
- Double tank system for extra water storage.

Model :- HWA

- Three type (hot, cold, normal) of water facility in this model.
- Heavy quality hot water system.
- Compact Design for easy service and maintenance.
- Three tank system for extra water storage.

COOL PLANET

Manufacturing of Water Coolers - Water Cooler in built R.O. System

5, Hirabhai Estate, Beside G.B.Wheelers, Nr.Shahwadi Bus Stand,
